

(8 December 2014 – to date)

NATIONAL ENVIRONMENTAL MANAGEMENT ACT 107 OF 1998

(Gazette No. 19519, Notice No. 1540. Commencement date: 29 January 1999 [Proc. No. 8, Gazette No. 19703])

ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS: LISTING NOTICE 3 OF 2014

*Government Notice R985 in Government Gazette 38282 dated 4 December 2014. Commencement date:
8 December 2014.*

I, Bomo Edith Edna Molewa, Minister of Environmental Affairs, hereby repeal Listing Notice 3 of 2010, published under Notice No. 546 in Gazette No. 33306 dated 18 June 2010, and publish Listing Notice 3 of 2014 under sections 24(2), 24(5), 24D and 44, read with section 47A(1)(b) of the National Environmental Management Act, 1998 (Act No. 107 of 1998), set out in the Schedule hereto.

(Signed)

BOMO EDITH EDNA MOLEWA
MINISTER OF ENVIRONMENTAL AFFAIRS

SCHEDULE

1. PURPOSE

The purpose of this Notice is to list activities and identify competent authorities under sections 24(2), 24(5) and 24D of the Act, where environmental authorisation is required prior to commencement of that activity in specific identified geographical areas only.

2. DEFINITIONS

- (1) In this Notice, any word or expression to which a meaning has been assigned in the Act shall have the meaning so assigned, and unless the context otherwise indicates-

"aquatic critical biodiversity areas" means linkages between catchment, important rivers and sensitive estuaries whose safeguarding is critically required in order to meet biodiversity pattern and process thresholds and are spatially defined as part of a bioregional plan or systematic biodiversity plan, available on the South African National Biodiversity Institute's BGIS website (<http://bgis.sanbi.org/WCBF14/project.asp>);

"bioregional plan" means the bioregional plan contemplated in Chapter 3 of the National Environment Management Biodiversity Act, 2004 (Act No. 10 of 2004);

Prepared by:

In partnership with:

"**buffer area**" means, unless specifically defined, an area extending 10 kilometres from the proclaimed boundary of a world heritage site or national park and 5 kilometres from the proclaimed boundary of a nature reserve, respectively, or that defined as such for a biosphere;

"**dangerous goods**" means goods containing any of the substances as contemplated in South African National Standard No. 10234, supplement 2008 1.00: designated "List of classification and labelling of chemicals in accordance with the Globally Harmonized Systems (GHS)" published by Standards South Africa, and where the presence of such goods, regardless of quantity, in a blend or mixture, causes such blend or mixture to have one or more of the characteristics listed in the Hazard Statements in section 4.2.3, namely physical hazards, health hazards or environmental hazards;

"**development**" means the building, erection, construction or establishment of a facility, structure or infrastructure, including associated earthworks or borrow pits, that is necessary for the undertaking of a listed or specified activity, including any associated post development monitoring but excludes any modification, alteration or expansion of such a facility, structure or infrastructure, including associated earthworks or borrow pits, and excluding the redevelopment of the same facility in the same location, with the same capacity and footprint;

"**development footprint**" means any evidence of physical alteration as a result of the undertaking of any activity;

"**development setback**" means a setback line defined or adopted by the competent authority;

"**estuarine functional zone**" means the area in and around an estuary which includes the open water area, estuarine habitat (*such as sand and mudflats, rock and plant communities*) and the surrounding floodplain area, as defined by the area below the 5 m topographical contour (*referenced from the indicative mean sea level*);

"**expansion**" means the modification, extension, alteration or upgrading of a facility, structure or infrastructure at which an activity takes place in such a manner that the capacity of the facility or the footprint of the activity is increased;

"**Gauteng Agricultural Potential Atlas**" means the Gauteng Agricultural Potential Atlas, which can be obtained from the Gauteng Provincial Department responsible for environmental affairs;

"**Gauteng Conservation Plan**" means a systematic conservation planning tool delineating biodiversity priority areas representative of biodiversity pattern, process and species of special concern, which areas have been identified in three broad categories; namely, Critical Biodiversity Areas (CBAs), Ecological Support Areas (ESAs) and Protected Areas;

"Gauteng Protected Area Expansion Strategy" means a framework for protected area expansion in Gauteng, setting out key strategies for protected area expansion and identifying spatial priorities and protected area targets and is aligned to the National Protected Area Expansion Strategy as it identifies finer scaled provincial priorities based on regional and local conservation imperatives;

"Important Bird and Biodiversity Areas (IBA)" means areas / sites that hold significant numbers of globally and/or regionally threatened species (Categories A1 and C1); sites that are known or thought to hold a significant component of a group of species whose breeding distributions define an Endemic Bird Area (EBA) (Category A2); sites that are known or thought to hold a significant component of a group of species whose distributions are largely or wholly confined to one biome (Category A3);

"indigenous vegetation" refers to vegetation consisting of indigenous plant species occurring naturally in an area, regardless of the level of alien infestation and where the topsoil has not been lawfully disturbed during the preceding ten years;

"industrial complex" means an area used or zoned for industrial purposes, including bulk storage, manufacturing, processing or packaging purposes;

"maintenance" means actions performed to keep a structure or system functioning or in service on the same location, capacity and footprint;

"maintenance management plan" means a management plan for maintenance purposes defined or adopted by the competent authority;

"National Protected Area Expansion Strategy (NPAES)" means South Africa's national strategy for expansion of the protected area network, led by the National Department responsible for environmental affairs and developed in collaboration with national and provincial conservation authorities. The NPAES sets targets for protected area expansion, provides maps of the most important areas for protected area expansion, and makes recommendations on mechanisms for protected area expansion. Focus areas for protected area expansion are identified in the NPAES. They are large, intact, unfragmented areas of high importance for land-based protected area expansion, suitable for the creation or expansion of large protected areas;

"NEMBA" means the National Environmental Management: Biodiversity Act, 2004 (Act No. 10 of 2004);

"NEMPAA" means the National Environmental Management: Protected Areas Act, 2003 (Act No. 57 of 2003);

"phased activities" means an activity that is developed in phases over time on the same or adjacent properties to create a single or linked entity;

"**previous NEMA notices**" as contemplated in these transitional arrangements means the previous notices published in terms of section 24(2) of NEMA (Government Notices R. 386 and R. 387 in the Government Gazette of 21 April 2006, as amended, or Government Notice No. R. 544, 545 and 546 in the Government Gazette of 18 June 2010, as amended);

"**protected area**" means those protected areas contemplated in section 9 of the NEMPAA and the core area of a biosphere reserve and shall include their buffers;

"**sites or areas listed in terms of an International Convention**" means any area and its buffer, unless specifically defined, of 5 kilometres extending from its listed boundary, listed in terms of an international convention but does not include world heritage sites, and shall include but not be limited to the Ramsar Convention on Wetlands (Ramsar, Iran, 1971);

"**systematic biodiversity plan**" is a plan that identifies important areas for biodiversity conservation, taking into account biodiversity patterns (i.e. the principle of representation) and the ecological and evolutionary processes that sustain them (i.e. the principle of persistence). A systematic biodiversity plan must set quantitative targets/thresholds for aquatic and terrestrial biodiversity features in order to conserve a representative sample of biodiversity pattern and ecological processes;

"**the Act**" means the National Environmental Management Act, 1998 (Act No. 107 of 1998), as amended;

"**throughput capacity**" means the design capacity or maximum capable capacity of a facility, structures or infrastructure, whichever is the greater;

"**urban areas**" means areas situated within the urban edge (as defined or adopted by the competent authority), or in instances where no urban edge or boundary has been defined or adopted, it refers to areas situated within the edge of built-up areas;

"**watercourse**" means -

- (a) a river or spring;
- (b) a natural channel in which water flows regularly or intermittently;
- (c) a wetland, pan, lake or dam into which, or from which, water flows; and
- (d) any collection of water which the Minister may, by notice in the Gazette, declare to be a watercourse as defined in the National Water Act, 1998 (Act No. 36 of 1998); and

a reference to a watercourse includes, where relevant, its bed and banks; and

"**wetland**" means land which is transitional between terrestrial and aquatic systems where the water table is usually at or near the surface, or the land is periodically covered with shallow water, and which land in normal circumstances supports or would support vegetation typically adapted to life in saturated soil.

- (2) The following words relevant to coastal activities will have the meaning so assigned to it in the National Environmental Management: Integrated Coastal Management Act, 2008 (Act No. 24 of 2008):
- a) "estuary";
 - b) "high-water mark";
 - c) "littoral active zone";
 - d) "sea"; and
 - e) "seashore".
- (3) The following words will have the meaning assigned to them in terms of section 1 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002):
- a) "mineral";
 - b) "petroleum"; and
 - c) "prospecting".

3.

- (1) The activities listed in Appendix 1 are identified in terms of section 24(2)(a) of the Act as activities that may not commence without an environmental authorisation from the competent authority.
- (2) The investigation, assessment and communication of potential impact of activities must follow the procedure as prescribed in regulations 19 and 20 of the Environmental Impact Assessment Regulations published in terms of section 24(5) of the Act.
- (3) Where Listing Notice 4 applies, an application for environmental authorisation must be submitted for an activity contemplated in that Notice and not for an activity contemplated in this Notice.

4. REPEAL OF NOTICE 546 OF 18 June 2010

Notice No. 546 published in Gazette 33306 on 18 June 2010 is hereby repealed.

5. SHORT TITLE

This Listing Notice is called Environmental Impact Assessment Regulations Listing Notice 3 of 2014, and takes effect on 08 December 2014.

Prepared by:

In partnership with:

APPENDIX 1**Identification of competent authority:**

The competent authority in respect of the activities listed in this part of the Notice is the competent authority in the province in which the activity is to be undertaken, unless –

- (a) it is an application for an activity contemplated in section 24C(2) of the Act, in which case the competent authority is the Minister of an organ of state with delegated powers in terms of section 42(1) of the Act;
- (b) the listed or specified activity is or is directly related to-
 - i. prospecting or exploration of a mineral or petroleum resource; or
 - ii. extraction and primary processing of a mineral or petroleum resource;

in which case the competent authority is the Minister responsible for mineral resources.

The exception mentioned in (b) above does not apply to the following activities contained in this notice: 5; 6; 9; 11; 13; 17; 21; 24; 25; and 26.

Activity number	Activity description	Geographical areas based on environmental attributes
1.	The development of billboards exceeding 18 square metres in size outside urban areas, mining areas or industrial complexes.	(a) In Free State, Limpopo, Mpumalanga and Northern Cape provinces: <ul style="list-style-type: none"> i. A protected area identified in terms of NEMPAA, excluding conservancies; ii. National Protected Area Expansion Strategy Focus areas; iii. World Heritage Sites; iv. Sensitive areas as identified in an environmental management framework as contemplated in chapter 5 of the Act and as adopted by the competent authority; v. Sites or areas identified in terms of an International Convention; vi. Critical biodiversity areas as identified in systematic biodiversity plans adopted by the competent
