

**GN 113 of 16 February 2018: Notice of identification in terms of section 24 (5) (a) and (b) of the National Environmental Management Act, 1998 of the procedure to be followed in applying for environmental authorisation for large scale electricity transmission and distribution development activities identified in terms of section 24 (2) (a) of the National Environmental Management Act, 1998 when occurring in geographical areas of strategic importance
(Government Gazette No. 41445)**

DEPARTMENT OF ENVIRONMENTAL AFFAIRS

I, Bomo Edna Edith Molewa, Minister of Environmental Affairs, hereby in terms of section 24 (5) (a) and (b) of the National Environmental Management Act, 1998 and Regulation 15 of the Environmental Impact Assessment Regulations, 2014 (Government Notice No. R.982, in the Gazette No. 38282 of 4 December 2014), provide for the procedure to be followed in applying for environmental authorisation for large scale electricity transmission and distribution development activities identified in terms of section 24 (2) (a) of the National Environmental Management Act, 1998, as set out in [the Schedule](#) hereto.

(Signed)

BOMO EDNA EDITH MOLEWA
MINISTER OF ENVIRONMENTAL AFFAIRS

SCHEDULE

1. The Strategic Environmental Assessment for Electricity Grid Infrastructure (EGI) in South Africa has identified five Strategic Transmission Corridors that are of strategic importance for the rollout of the supporting large scale electricity transmission and distribution infrastructure in terms of Strategic Integrated Project 10: Electricity Transmission and Distribution.
2. On 17 February 2016, Cabinet approved the Strategic Transmission Corridors contained in this Notice, which support areas where long term electricity grid infrastructure will be developed and where an integrated decision-making process for applications for environmental authorisation in terms of the National Environmental Management Act, 1998, will be followed.
3. Applications for an environmental authorisation for large scale electricity transmission and distribution facilities, when such facilities trigger activity 9 of the Environmental Impact Assessment Regulations Listing Notice 2 of 2014 and any other listed and specified activities necessary for the realisation of such facilities, and where the greater part of the proposed facility is to occur in one or more such Strategic Transmission Corridors, must follow the basic assessment procedure contemplated in Regulation 19 and 20 of the Environmental Impact Assessment Regulations, 2014 in order to obtain environmental authorisation, as required in terms of the Act.
4. The timeframe for decision making as contained in the Environmental Impact Assessment Regulations, 2014 for purposes of the applications for environmental authorisation contemplated in this Notice is 57 days.
5. For applications for environmental authorisation for large scale electricity transmission and distribution facilities contemplated in paragraph 3, routes that have been pre-negotiated with landowners must be submitted as part of such application for environmental authorisation.
6. Applications for environmental authorisation for large scale electricity transmission and distribution facilities, where the greater part of the facility falls outside a Strategic Transmission Corridor, will be considered in line with the requirements prescribed in terms of the Environmental Impact Assessment Regulations, 2014.
7. If the greater part of the facilities contemplated in this Notice falls outside a Strategic Transmission Corridor contemplated in this Notice, the requirements as prescribed in the Environmental Impact Assessment Regulations, 2014, apply.
8. The Strategic Transmission Corridors compiled in terms of section 24 (3) of National Environmental Management Act, 1998 are:
 - 8.1 Central corridor;
 - 8.2 Eastern corridor;
 - 8.3 International corridor;
 - 8.4 Northern corridor; and
 - 8.5 Western corridor.
9. The boundaries of the Strategic Transmission Corridors referred to in this Notice are as indicated on the map, available from the Department of Environmental Affairs at <https://egis.environment.gov.za> - **Geographic Areas**

The information relating to the Strategic Transmission Corridors contained in this Notice can also be obtained from:
