Dear Mr Hlanyane

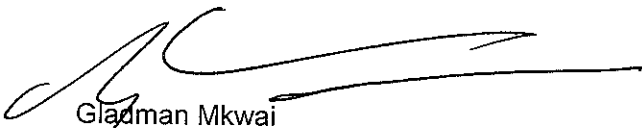

MAJUBA POWER STATION: SUBMISSION OF OUTSTANDING DOCUMENTS IN TERMS OF THE ANNUAL REPORTING REQUIREMENTS OF THE MINIMUM EMISSION STANDARDS

Majuba Power Station hereby submits outstanding documents in terms of the annual emission reporting requirements of the Minimum Emission Standards. Please refer to the following attached reports:

- Stratification and parallel gaseous emission measurements on south smoke stacks 1 and 2. Note, measurements on unit 2 were redone on 17th June 2016 and this report is also attached. These measurements were undertaken to verify the accuracy of the continuous emissions measurement.
- Particulate emission monitor correlation on unit 2. This is most recent correlation test.

Please do not hesitate to contact us should you require any further clarification or information.

Yours sincerely

Gladman Mkwai

MAJUBA POWER STATION MANAGER
