LETTER OF SUPPORT ON THE DEVELOPMENT FOR MUSINA SPECIAL ECONOMIC ZONE

The above-mentioned matter refers.

Kindly be informed that the municipality is in full support of the proposed development of Special Economic Zone in Musina. The municipality also pledges that we will also ensure provision of water and sanitation if bulk capacity is available to supply such services to the development.

It is however the responsibility of the agency to inform the Municipality in time of all developmental needs in terms of capacities so that the municipality prepare itself for these services requirements. Where it is not feasible for the municipality to immediately supply such services due to remoteness of the area of development from existing bulk line, alternative measures should be sourced to supply water and sewer services.

Trusting that you will find the above in order.

Regards

MR MJ MATSHIVHA
MUNICIPAL MANAGER
