Subject: PROPOSED MINISTERIAL DETERMINATIONS FOR NEW GENERATION CAPACITY

Good day

We refer to the correspondence below, and the various letters we have sent to your office. It has now been 3 months since your correspondence below and we have not received any response from the Department.

We would be grateful to receive an update.

In relation to the Khanyisa Project, in addition to the Environmental Authorisation (EA)'s expiry – to which we have alerted you, its Water Use Licence (WUL) has now been set aside by an appeal decision of the Water Tribunal on 21 July 2020. According to the Water Tribunal's decision, ACWA's public participation was held to be fatally flawed and as such, Khanyisa would have to conduct a fresh public participation process by 21 September 2020. As you are aware, in order to reach commercial and financial close, a valid WUL and EA are among the licences that need to be in place. Khanyisa has neither.

In light of the above, we look forward to hearing from you.

Kind regards

Michelle Koyama

Dear Nicole

We acknowledge receipt of your letter.

We are still engaged in discussions with other stakeholders with regards to your previous correspondence and your most recent letter will be included as part of those engagements. We also note that the issues raised in your most recent letter are similar to the issues raised in your most recent letter to the Department on the Determinations.

Therefore in our view the response from the Department will address the clarifications you have requested.

Kind regards

Project Officer: IPP Programme

Good day

We are following up on the attached letters, the most recent being our letter of 30 March 2020 in relation to the draft Ministerial determination for new generation capacity currently subject to a public consultation process by NERSA.

We continue to await your urgent response.

Kind regards

Nicole Loser
